# IAS STAFF MEETING MINUTES

20 July 1973

## PRESENT:

G. Allen

1. [redacted] was awarded a Quality Step Increase for sustained superior performance.

2. Mr. Colby's confirmation as DCI continues to encounter delays. On Monday persons outside the government will be speaking about him before the Symington committee.

3. New procedures are being set forth for NODIS cables. No copies are to be made.

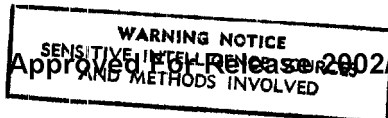

5. General Walters and Bruce Clarke briefed [redacted] on MBFR analysis at Camp David.

6. At the USIB meeting they provided [redacted] with the phase-out plan for the NIS. Ray Cline noted that State had given the Agency [redacted] slots in the past to support NIS. The figure was in error: [redacted] is the correct figure.

7. The TACKLE program will be eliminated at the end of FY 74.

8. At the SALT Verification Panel Meeting Kissinger said that the Soviet grain shortage problem was an intelligence failure on our part.
